Special Initiatives

A number of new initiatives developed to facilitate the voting process were piloted at the by-elections.

Electronic Update of Voters Lists:

Voters Lists have historically been compiled by having enumerators visit all residences to collect current elector information. This produced an accurate Voters List at that point in time, but without ongoing updates the quality of the List quickly deteriorated to an unacceptable level of accuracy.

The enumeration process is becoming a less effective means of meeting the statutory requirements of the *Election Act* and for meeting the expectations of election officers, campaign teams and the public at large. Both residents and enumerators have voiced concerns with respect to personal security and the confidentiality of information. Increasingly, there are challenges in recruiting a sufficient number of voters who are available and able to act as enumerators.

The strategy for updating Voters Lists has shifted from a periodic province-wide enumeration to the controlled application of regular electronic updates within a secure environment. Information on voters in the Register of Electors is updated through data files provided by various public agencies, in accordance with Section 13(2) of the *Election Act*. This approach allows for ongoing updates to maintain the quality of the Voters Lists over time.

Target Enumeration:

Prior to the by-elections, Voters Lists and local maps were reviewed by the Returning Officers appointed in the two electoral divisions. They identified areas of high growth and high mobility, which were the most likely to reflect incomplete or outdated voter information. Target enumerations were conducted in those particular areas and Voters Lists were updated for use at the polls.

Voting Place Advertisement:

For the first time, *where-to-vote* cards were distributed by mail to residences within the two electoral divisions to supplement newspaper advertising of by-election details. A January 2007 survey revealed that 84% of respondents felt that direct mail was the most effective method of communicating information on voting times, locations and options. During the event, a number of voters commented that the *where-to-vote* cards were the sole means by which they were made aware of the by-elections.

Voters who visited Elections Alberta's website and used the online *where-to-vote* feature were presented with voting location maps, where available. Judging by access statistics, this was a useful tool for voters.

Ballot Redesign:

At the voting stations, voters received a new ballot, following a revision to the *Election Act Forms Regulation*. The new Belgian model ballot presents candidates' names and party affiliations in white print on a black background. The circle in which the voter is directed to select the candidate of choice is the only white area on the ballot, which helps voters to mark their ballots correctly. This effort appears to have been a success: the rate of rejected ballots (those which could not be counted because they were unclear as to the voter's intention) decreased from 0.62% to 0.12% in Calgary-Elbow, and from 0.33% to 0.19% in Drumheller-Stettler, when compared to the rejection rates in the 2004 Provincial General Election.

Appointment of Returning Officers

Returning Officers were appointed on April 18, 2007 by Order in Council 197/2007; less than one month prior to the issuance of the writs for the by-elections. The resulting time constraints for the map and Voters List review, and for other pre-election activities, were significant. Following their appointments, the two first-time Returning Officers and key staff received orientation, enumeration and election training. Prior to the by-elections, the Returning Officers were responsible for the map and Voters List review in developing a target enumeration plan. In addition, they were responsible for the recruitment, training and management of enumerators and for completing necessary pre-election activities, including recruitment of election officers and selection of office space and voting locations.

It is hoped that appointment of the remaining 81 Returning Officers will occur well in advance of the next general election. Having sufficient time to prepare for and conduct a target enumeration in advance of the election benefits all stakeholders: registered political parties, candidates and their campaign teams, election officers and, most importantly, voters. Similarly, having sufficient time to recruit election officers and select voting locations ensures that the most suitable staff and locations are in place to best serve the electorate.

Financial Disclosure

Registered by-election candidates are required to file Campaign Period Financial Statements with the Office of the Chief Electoral Officer by October 12, 2007. Information on candidates' election expenses will be available on the Elections Alberta website (www.elections.ab.ca) in accordance with Section 4(1)(d) of the *Election Finances and Contributions Disclosure Act*.

Registered political parties which participated in the by-election must file audited Campaign Period Financial Statements by December 12, 2007. These financial statements will list funds received, transfers of funds/materials and expenditures concerning the campaigns.

In accordance with Section 11 of the *Election Finances and Contributions Disclosure Act*, all financial statements will be available for inspection in the public files maintained by the Chief Electoral Officer and pertinent data will be published in the Thirty-first Annual Report of the Chief Electoral Officer for the 2007 calendar year. In addition, information from the financial statements will be available on the Elections Alberta website to facilitate access by interested persons who may not be able to visit the public files during regular business hours. Recent website enhancements enable users to search for specific contributors electronically and to print pertinent information that is within the public domain.

Calgary-Elbow Target Enumeration

In accordance with Section 21(1) of the *Election Act*, the Chief Electoral Officer directed that information contained in the Register of Electors was to be updated in the areas of greatest need prior to the by-election. A target enumeration plan was developed to update the five polling subdivisions with the highest rates of growth and mobility.

The target enumeration commenced on May 8, with five enumerators visiting residences targeted by the Returning Officer. The target enumeration concluded on May 22, with 1,165 additions being made to the Register of Electors. This information was distributed to election officers for increased efficiency on voting day and to candidates, on request, to assist with campaigning.

There were 29,463 electors on the Voters List following the target enumeration process. The total cost to update the Register of Electors was $5,082.37. A cost summary is presented on Page 10.

Calgary-Elbow By-election

By order of the Lieutenant Governor in Council, a Writ of Election, dated May 15, 2007, was issued by the Chief Electoral Officer to the Returning Officer, Jean Minchin, pursuant to Section 39 of the *Election Act*.

Seven candidates, each registered under the *Election Finances and Contributions Disclosure Act*, filed nomination papers with the Returning Officer. Advance Polls were held on June 7, 8 and 9, 2007 to accommodate voters who believed they would be unable to vote on voting day. There were 415 voters who were able to exercise their franchise by voting in advance.

In addition, 133 voters who were unable to vote at the Advance Poll or on voting day participated in the by-election by casting Special Ballots. Many of these voters were working or traveling outside of the electoral division for extended periods, and would have been disenfranchised without the availability of the Special Ballot option.

The Returning Officer announced the Official Results on June 22, 2007. Craig Cheffins, representing the Alberta Liberal Party, was declared duly elected. The Writ of Election and the Returning Officer's Certificate and Return certifying Mr. Cheffins' election were returned to the Chief Electoral Officer on June 22, 2007. No appeal for a judicial recount, or from any decision of the Returning Officer concerning any of the ballots, was applied for pursuant to Section 144 of the *Election Act*.

The Chief Electoral Officer arranged for the publication of the by-election return in the July 31, 2007 issue of the Alberta Gazette.

Half of a candidate's nomination deposit is reimbursed to the winning candidate and any other candidate who receives half the number of votes received by the winning candidate. Two candidates received a refund of this portion of their nomination deposit.

The other half of the candidate's nomination deposit will be reimbursed to all candidates who file their financial statements by the statutory deadline of October 12, 2007. Reimbursements will be reported in the Thirty-first Annual Report of the Chief Electoral Officer.

Candidate's nomination deposits that are not refunded are forwarded to the Office of the Minister of Finance for deposit to the General Revenue Fund.

An overview of results indicating the total votes obtained by each candidate and a statement of results by poll are presented on Pages 6 through 8. A map of the electoral division of Calgary-Elbow is presented on Page 9.

The total cost of the by-election including the target enumeration was $137,906.13. A summary is included on Page 10.

Calgary-Elbow - Overview of Registrations

An overview of voter registrations is presented below for the polling subdivisions in which target enumerations were conducted.

Polling Subdivision	Pre-Enumeration Voters List	Target Enumeration Registrations	Additions during Revisions Period	Voting Day Registrations	Voters List (on Voting Day)
19	555	175	1	2	733
20	460	173	0	8	641
21	518	140	0	3	661
63	516	246	1	4	767
64	178	431	4	24	637

A total of 1,066 voters registered to vote in Calgary-Elbow by completing Oaths of Electors at the time of voting. This voting day registration accounted for 10.1% of ballots cast. Voting day registration is a good measure of the quality of the Voters List that has been compiled for use at the polls. This means that approximately 90% of the electors who attended the polls on voting day were already on the Voters List.

Drumheller-Stettler By-election

By order of the Lieutenant Governor in Council, a Writ of Election dated May 15, 2007 was issued by the Chief Electoral Officer to the Returning Officer, Doreen Nixon, pursuant to Section 39 of the *Election Act*.
